

# Finding a book in the Harvard Forest Library

<http://hollis.harvard.edu> – Click on Expanded Search

The screenshot shows the HOLLIS Classic search interface. At the top, there is a red header with "Harvard University" on the left, "HOLLIS CLASSIC" in the center, and "HOLLIS" on the right. Below the header is a navigation menu with links: Search, Expanded Search, Command Search, Results List, Previous Searches, Display Options, My Account/Renew, Comments/Requests, Start Over, and Help. The main search area has tabs for "Full Catalog", "Find Articles", "Journal Titles", "Digital Resources", and "Reserves". The "Search Type:" dropdown menu is open, showing options like "Keywords anywhere", "Title beginning with...", "Title keywords", "Author (last name first)", and "Author keywords". The "Search For:" field is empty, with "Search" and "Clear" buttons. A yellow callout box with a black border points to the "Expanded Search" link in the navigation menu. The callout box contains the text: "Choose Expanded Search Mode: This mode allows you to limit the repository to Harvard Forest As well as expanded keyword/author searches". Below the search area, there is a footer with links: "Have you tried the new version of HOLLIS?", "Harvard's Google Book Search", "LibX Search Tool", and "About HOLLIS Classic". At the bottom, there is a red bar with links: "E-RESEARCH (ARTICLES)", "CITATION LINKER", "RESEARCH GUIDES", "OTHER CATALOGS", "LIBRARY INFO", "HARVARD LIBRARIES", and "HARVARD HOME". The copyright notice "Copyright © 2009 President and Fellows of Harvard College" is at the very bottom.
