NELF Scenarios

The NELF Scenarios were developed by New Englanders concerned about the future of the land.

The purpose of these scenarios is to inform planning, conservation, and management of the land in New England.

Why Scenarios?

Scenarios help us determine:

1. Where are we (headed)?
 - a. Do we like that trajectory?
 - b. How can we get on a desirable path?
2. What actions are robust under multiple alternatives?

Why Now?

Major crisis, major disruption.

Where are we (headed)?

Do we like that trajectory?

How can we get on a desirable path?

NELF Signals

What indicators do you see?

bit.ly/nelf-signals

bit.ly/nelf-stories

NELF Signals

1. Do you agree with this interpretation of the indicators?
2. What indicators are seeing [whether or not they're in the news]?
3. How do they map onto the scenarios?

NELF Signals

1. Where are we (headed)?
 1. Do you like that trajectory (why or why not)?
 1. What are things that are good?
 2. What are things that are bad?
2. How can we get on a desirable path?
3. What actions are robust under multiple scenarios?
